Our structures weight only from 1-4 to 1-10 that of wood, difference in freight for a long distance buys our work. In a few days we will have at our factory, 45 West Third street in this city, four different specimens of our Roof, where the public can inspect them to their sayisfaction. We beg them to give us a call, as all our work is warranted, and we ask no pay on ordinary jobs until the work is done and approved. Payments being secured on contracting. AYER'S

CHERRY PECTORAL, FOR THE RAPID CURE OF Colds, Coughs, and

Hoarseness. BRIMFIELD, MASS., 20th Dec., 1855.
DR. J. C. ATER: I do not heeltate to say the best remedy I have ever found for Conghs, Hoarseness. Influenza. and the concomitant symptoms of a Cold, is your CHERT PROTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D. A. B. MORTIEV FROM CUEEN N.

A. B. MORTLEY, Esq. of Urica, N. Y., writes: "I have need your *Pectoral* myself and in my family ever since you lavented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-fire deliars for a bottle than do withent it, or take any other remedy."

Take any other remedy."

Croup, Whooping Cough, Influenza.
Springfield, Miss., Feb. 7, 1856.
Brother Atra: I will cheerfully certify your Actions!
is the best remedy we possess for the cure of whooping cough, cromp, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to one people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856:
"I had a tedions Infinenza, which confined me in doors
six weeks; took many medicines without relief; finally
tried your Pectoral by the advice of our clergyman. The
first dose relieved the soreness in my throat and lungs;
jess than one half the bottle made me completely well.
Your medicines are the cheapest as well as the best we
can buy, and we esteem you, Doetor, and your remedies,
as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1356.

Sia: Your Cherry Petoral is performing marvellous cares in this section. It has relieved several from alarm-

ing symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant. A. A. RAMSEY, M. D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving case and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most con vincing proof of the virtues of this remedy is found in its

effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry

ne human ald can reach; but even to those the Cherry Fectoral afferds relief and comfort.

Asrea House, New York City, March 5, 1856. Doctor Ater, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five menths laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily falling, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your needleine. We bless his kindness, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well. Yours with gratitude and regard, ORLANDO SHELBY, OF SHELBYVILLE.

Omsumptiers, do not despair till von have tried ATER'S CHERAT PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues. — Philadelphia Ledger.

Ayer's Cathartic Pills. THE sciences of Chemistry and Medicine have been

taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these l'ILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humars which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy ione with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Curve have been made which surpass belief were they not sub-stantiated by men of such exalted position and character as to forbld the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my l'reparations contribute immensely to the relief of my

Dr. J. Williams, Chemist and Pharmacentist, after studying closely the practice of Drs. Abennethy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sejourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America, certain roots and herbs, from which he prepared an "Elixir," which after fifteen years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy, than hany medicine that has ever been prepared in any age or any elime, for the same purpose.

Having submitted it, with an explanation of its components, to a number of physicians of Philadelphia, among whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now mot only preseribing it tor their patients, but are nasing it personally, and in their families. As a tonic it is unequalled, and its properties are of so invigorating a nature, that it is given with perfect safety and snecess to the most tender infants.

Dr. J. WILLIAMS—Dear Sir:—For fifteen years previous to 1854, I suffored so much from Dyspepsy, that I became completely prostrated, both in mind and body, and at length became so weakened, I could not attend to my business, and was sinking into a decline, and it was believed I never could recover; the best medical aid was procured for me and every means resorted to without any relief, till I was advised to use your "Elixir," and from the time I began taking it, I gradually improved till I was completely restored to health. The dreadful sufferings I endured from Dyspepsy I examo? describe; but I am confident that without the use of your "Elixir," lass awed me from an early death. I continue now in the enjoyment of most excellent health. H. N. SPERRY.

Consumption.

Probably no one remedy has even been known which to cured so many and such dangerons cases as this. Some by no human aid can reach; but even to those the Cherry und Historyl affords relief and comfort.

Asrow House, New York Curr, March 5, 1856.

Docror Aver, Lowell 1: Roe it a duty and a pleasure to inform you what your Cherry Peteral has done for my wife. She had been five months labering under the dangerous symptoms of Consumption, from which no aid we could present gave her much relief. She was steadily falling, until Dr. Strong, of this city, which we have come for advice, recommended a triat of your medicine. We bloss that kinduess, as we do your skill; for she has recovered from that day. She is not yet as strong as she used to be, but is free from the cough, and calls herself well.

Ayer's Cathartic Pills. THE sciences of Chemistry and Medicine have been taxed their utmost to produce this test, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all mcn. They are safe and pleasant to take, but powerful to cure. Their pene-trating properties silmulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul homors which breed and grow distemper, stimulate shuggish or disor-dered organs into their natural action, and impart healthy tone with strength to the whele system. Not only do they cure the every-day complaints of every tody, but also formidable and dangerous diseases that have builded the best of human skill. While they produce powerful effects, they are at the same time, in diminished deses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Unres have been made which surpass bellef were they not substantiated by nicu of such exalted position and characte as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my

JENKINS & CO., IN TEAS ONLY PHILADELPHIA.

THE new Crop of Tea is now arriving, and selling much below the high rates of the past year; the present therefore opens with the pleasing prospect of our again being able to furnish as good an article for the price, as formerly. We also take pleasure in an anoneing that we have concluded to extend the time on small bills, heretofore sold on two and three months, to three and four months eredit.

Thousands of Grocers and general Store-keepers now sell Teas in our Metallic Packages, and the number is constantly increasing, notwithstanding the strong prejudice that once existed against teas put up in this convenient form. This unexampled sneess is the legitimate result of a business uniformly done, for a long term of years upon just and fair principles, and especially with an eye to that wholesome one of "SMALL PROFITS AND QUICK RETURNS."

Teas being a perishable article, dealers are recommended to order small and frequent bills.

Those who still prefer the old way, are furnished with teas in the original half-chests, at three cents per h. less than in Metallic Packages.

Caution Notice.

PERSONS living at a distance should be extremely cautions of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from \$40,000 head their schemes—with tickets at One Dollar. \$100,000 Capital prizes are offered, tickets \$5. All such, in every instance, are frauds; and if money is sent to them for tickets, it is so much thrown away, without the shadow of a chance of getting a prize. In overy instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

HONORED SIR: I should be negrateful for the relief you.

A cold settled in my limbs and brought on excruciating,
neuralgic pains, which ended in chronic rhemmatism.

Notwithstanding I had the best of physicians, the discesse

Their effects were slow, but sure. By persevering in the

use of them, I am now entirely well. SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1865. Da. Atza: I have been entirely cured by your Pills of Rheamatic Gout — a painful disease that had afflicted me for years.

For Dropsy, Plethora, or kindred Com-plaints, requiring an active purge, they are an excel-lent remedy. For Costiveness or Constipation, and as Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blind ness, have been cured by the alterative action of these Fills.

Meet of the Pills in market contain Mercuyy, which, so though a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that fre quently follow its lucantious use. These contain no mer cury or mineral substance whatever.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF

and for the relief of consumptive patients in advanced stages of the disease. and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtnes. Throughout every town, and almost every hamiet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any dvillized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subits and dangerons diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formal able and dangerous diseases of the pulmonary organs, it is also the pleasanteet and safest remedy that can be employed for Infants and young persons. Parents should have it in store against the includious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pederal saves more lives by the consumptional t prevents than those it cures. Keep it by yon, and cure your colds while they are curable, nor neg lect them until no human skill can master the inexerable canker that, fastened on the vitual, eats your life away All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and then affect those who rely on it the best agent which our skill can formlah for their cure.
